

MUHAMMAD OSAMA AMIN

AI Solutions Architect | Cloud Platform Engineering | Applied AI Product Delivery

osamaaminemail@gmail.com | +92 310 5035067 | linkedin.com/in/muhammad-osama-amin | github.com/vmnebula | Islamabad, PK | Open to relocation (KSA/Global)

PROFILE

AI and cloud architect with six years building production platforms for enterprise and SME clients across the Gulf (KSA, UAE), UK, US, and Africa. Founded and scaled an applied AI platform business, shipped commercial GenAI products, and ran 150+ cloud deployments on Azure, AWS, and GCP. Deep on LLM orchestration, multi-tenant architecture, zero trust networking, and FinOps (reduced infrastructure costs by 87% on production re-platform).

WORK EXPERIENCE

VM Nebula (Pvt.) Ltd. — Founder & Chief Architect (Advisory from Aug. 2026)

Aug. 2024 – Aug. 2026 | Islamabad, PK

- Ran cloud & applied AI delivery business across KSA, UAE, PK, and Madagascar; hired and led team across infrastructure, DevOps, and delivery.
- Owned DevOps, IaC, and FinOps across AWS, GCP, and Azure at enterprise compliance bar, reducing client compute spend by 46%.
- Key Result:** Re-platformed production runtime (ECS Fargate → GCE Docker, DynamoDB → Supabase, ECR → Artifact Registry), cutting infrastructure COGS ~87%.
- Delivered voice-to-ledger pipeline parsing spoken Urdu/Pashto into structured database records via Fastify, Laravel, and Gemini Flash on Vertex AI.

Amin Technologies Limited — Cloud Operations Lead (2023–2025) | Cloud Engineer (2022–2023)

Aug. 2022 – Jun. 2025 | Remote (UK)

- Built enterprise Azure Virtual Desktop estate in UAE North with real-time monitoring, private Git, internal chat, and multi-session FSLogix/RDS scaling.
- Architected HIPAA-compliant hosting, automated enterprise AWS/Azure/GCP deployments, improved HPC throughput by 30%, and managed AD for 50+ users.

Independent Cloud & Infrastructure Consultant — Lead Architect

Nov. 2020 – Present | Remote (Global)

- 100+ paid infrastructure engagements (4.97/5 rating) across Gulf, US, UK & Europe covering AVD, VPNs, RDS FSLogix, and disaster recovery.

Human Development & Peace Organization (HDPO) — Director, IT & Digital (Part-time)

Apr. 2023 – Present | Islamabad, PK

- Directed NGO digital transformation and cloud security governance, accelerating operational project delivery efficiency by 35%.

FEATURED PROJECTS & OPEN SOURCE

- NebulaSEO (Autonomous AI SEO & Growth Agent):** Autonomous Gemini 3 Pro agent with 37 function-calling tools that audits Core Web Vitals, queries Search Console/GA4 via BigQuery, and autonomously opens GitHub PRs to fix schemas and meta tags. (GPLv3, github.com/Vmnebula/NebulaSeo)
- Substacker (AI Cost Intelligence & FinOps Platform):** Multi-tenant platform attributing LLM spend across OpenAI, Anthropic, Gemini, and Azure with WebSocket updates, anomaly detection, budget enforcement, and published Python SDK. (MIT, substacker.vmnebula.com)
- Bulk AI Studio:** Google Workspace Marketplace Certified App (App ID: 323643388682) for high-throughput batch AI operations on Google Sheets.

CORE COMPETENCIES

- Applied AI / LLMs:** LLM Orchestration, RAG Pipelines, Vector DBs, Structured Output & Tool Calling, Vertex AI, AWS Bedrock, Gemini, Claude.
- Cloud & DevOps:** Azure (AVD/WVD, Entra ID, FSLogix), AWS (ECS Fargate, EC2, ECR), GCP (GCE, Cloud Run), Docker, IaC, CI/CD, Zero-Trust, FinOps.
- Engineering:** Python (FastAPI), Node.js (Fastify, Express), TypeScript, React, PHP (Laravel), PostgreSQL, MySQL, Redis, Supabase, Linux.
- Certifications:** Aviatrix Certified Multi-Cloud Network Engineer (ACE), DS4KP Data Science & Machine Learning.

EDUCATION & RECOGNITION

University of Engineering & Technology (UET) — B.S., Computer Software Engineering

2018 – 2025 | Mardan / Peshawar, PK

- Recognition:** Misk Accelerator (Saudi Arabia) & Orbit Accelerator Alumnus; Incubated at NIC; Featured on National TV and BBC Pashto.
